

FLEXI

Flexi 17 - N/N+

1000/1100

Create up to 30% more Warehouse Capacity

Flexi 17 works in just 2.0 metres (EURO) or 1.8 metres (ISO) aisles to GN9 (FEM) standards (Handles Euro Alliance pallets in 2.0M aisle to DIN 15185 standard)

Lift Heights to 8.5 Metres

Flexi 17 brings all the space-saving benefits of the Flexi truck concept to medium/high bay warehouse applications

Stacking Performance

Flexi 17 features a unique 1000mm wide chassis and our original 220° over-rotate feature, plus compact front axle. Additionally, Flexi Digital continuous front wheel is suited to both push back, drive-in racking and block stacking operations

Triplex or Quad Lift Mast

Lift mast options include triplex full free lift or quad four-stage full free lift, to suit most warehouse application, allowing operation under mezzanine floors, rack bridge bays or entering loading semi trailers.

Flexible Operation

The Flexi truck does NOT require steel rail or inductive wire guidance in the very narrow aisle, and so can pick up pallets in any goods receiving area inside or outside

Proven Quality, Safety and Reliability

**Lift Capacity
1700kg**

The Digital Range

The Digital Range of articulated fork trucks has been developed specifically to improve storage and handling

Integrated Sideshift

All Flexi's are supplied with a high quality integrated sideshifting fork carriage to promote efficient and safe stacking.

Forward-Facing Seat

Comfortable and high-quality adjustable full-suspension seat with operators lumbar support, reduces fatigue and improves productivity.

Fixed "Clear Vision" Mast

Operators have excellent forward visibility thanks to our triplex free lift mast, with its side mounted lift cylinders. Safe productive forward pallet pick up and set down.

Front Wheel Drive

Proven safe traction-laden or unladen in all operating conditions. Tough elastic rubber tires all round allow operation on all warehouse floors. No tyre scrubbing, with full differential drive on both wheels when turning.

HiVIS Overhead Guard

The unique Flexi 'HiVIS' Twin Post™ overhead guard combines maximum visibility and complete overhead and roll over protection for the operator. With no front 'posts' to obscure operators vision when stacking.

Easy Battery Access

Fast and safe battery access and changing. Low lift off, fork pockets. Easy battery inspection and topping. No motors, brakes or pumps hidden underneath.

Unique Flexi 220° Over Rotation

More stacking clearance along every aisle. Compact axle designs maximise aisle clearances. Flexi is the proven 'no damage - fast turn' solution.
