

Lift Capacity
2500kg

A red Flexi forklift is shown in a high-bay warehouse. The operator, wearing a yellow safety vest, is seated on the machine, which is positioned in front of tall, blue metal shelving units. The shelves are filled with numerous cardboard boxes, many of which are labeled with alphanumeric codes such as 'L 286 G', 'L 244 F', 'L 201 E', and 'L 160 D'. The forklift has the 'Flexi' brand name written in white script on its side. The warehouse floor is a light-colored concrete.

The Digital Range

The Digital Range of articulated fork trucks has been developed specifically to improve storage and handling

Integrated Sideshift

All Flexi's are supplied with a high quality integrated sideshifting fork carriage to promote efficient and safe stacking.

Forward-Facing Seat

Comfortable and high-quality adjustable full-suspension seat with operators lumbar support, reduces fatigue and improves productivity.

Fixed "Clear Vision" Mast

Operators have excellent forward visibility thanks to our triplex free lift mast, with its side mounted lift cylinders. Safe productive forward pallet pick up and set down.

Front Wheel Drive

Proven safe traction-laden or unladen in all operating conditions. Tough elastic rubber tires all round allow operation on all warehouse floors. No tyre scrubbing, with full differential drive on both wheels when turning.

HiVIS Overhead Guard

The unique Flexi 'HiVIS' Twin Post™ overhead guard combines maximum visibility and complete overhead and roll over protection for the operator. With no front 'posts' to obscure operators vision when stacking.

Easy Battery Access

Fast and safe battery access and changing. Low lift off, fork pockets. Easy battery inspection and topping. No motors, brakes or pumps hidden underneath.

Unique Flexi 220° Over Rotation

More stacking clearance along every aisle. Compact axle designs maximise aisle clearances. Flexi is the proven 'no damage - fast turn' solution.
